### **Nomination for the election as member of E-mit Board**

To whom it may concern:

This letter is to nominate myself for the role of Member in the Board of the European Society for Mitochondrial Medicine and Research (E-mit) at the coming elections. I am a Full Professor of Mitochondrial Molecular Medicine at Radboud Institute for Molecular Life Sciences, Radboud University Medical Center, Nijmegen, The Netherlands and an International Faculty Professor at CECAD of the University of Cologne, Germany.

My research focuses on the structure and function of respiratory chain complex I and the plasticity of the mitochondrial complexome. Our aim is to understand pathogenic mechanisms and identify relevant biomarkers of mitochondrial disorders based on a mechanistic understanding at the molecular level. Two active members have signed my nomination below as requested by the E-mit chart.

Yours sincerely,

Prof. Dr. Ulrich Brandt

Carlo Viscomi, PhD

Associate Professor of Genetics  
Department of Biomedical Sciences,  
University of Padova  
Veneto Institute of Molecular Medicine  
Via Orus 2, Padova 35128, Italy

Dr. MICHAL MINCZUK  
Mitochondrial Genetics Group Leader | MRC MBU  
School of Clinical Medicine | University of Cambridge  
Hills Road Cambridge CB2 0XY United Kingdom
